as
possibl
e.

I understand and accept the terms and conditions of the contract. I sign by this date: _____
STAMP

Section B - Information

ALLOCATING STUDENTS

We are receiving an increasing number of requests for host families with no pets, or host families offering specific diets. Please group students with a similar need in the same family wherever possible.

PETS

Most English families have pets. To enable us to offer your students a wider range of families, please be precise about whether the students have an allergy to particular pets, serious phobia or just a dislike. We can then place the students more appropriately in families with small or hypoallergenic pets.

WATER BOTTLES

Participants should bring their own refillable water bottles.

GDPR

In accordance with GDPR we would like to remind you that;

- A) No data from this list of host families may be published online.
- B) Only relevant data may be passed on to interested parties, i.e. participating students/parents may only receive the information for their particular host family and not the information for all host families on this list.
- C) All electronic copies of this list must be deleted and all paper copies must be safely destroyed within one month of travel.

TEACHERS

Please be aware that you need to arrive at the meeting point 15 mins ahead of departure in the mornings

Thank you!
